

# Pollution Everyone's Plight

(Fourth in a Series)

Five years ago, the autumn breezes on Lake Michigan were far from fresh. There were 10,000 dead and decaying gulls and loons piled along the south and west shores. The following year, 5,000 more birds were found on the northern lake boundary.

No one is sure of the exact cause of the birds' death. But, U. S. Fish and Wildlife biologists who investigated the incidents suspect some sort of pollution—they can't definitely say what kind.

A decade ago, the huge dam area at Crab Orchard Lake in southern Illinois was a haven for swimmers and fishermen as the water cascaded in waves over the spillway and bounced down the deep rocky gorge. Now, the scene is a tragic wasteland—the rocks are like skeletons in the sun; the trickle of water off the spillway is slimy and green; the rotting bodies of dead fish are strewn about. There is no swimming allowed in that area—in fact, out of the hundreds of acres of water in the sprawling Crab Orchard Lake complex, swimming spots are at a minimum. It's a sad, but true fact that

these two instances are only illustrations of the entire water resources crisis in Illinois. Almost none of Illinois' rivers and streams are safe for swimming or water skiing. Fish and aquatic life has been destroyed to some extent in virtually every Illinois Waterway. Pollution levels keep rising through the land. Lower Lake Michigan, for example, is now pollution-laden.

All the streams in Illinois are used to carry away wastes. At present, this is the most practical way to dispose of treated wastes. But, there are also cases where wastes either pour or seep into the streams without being treated.

Dead fish and floating debris are visible signs of the resulting pollution. The stench in swimming and boating areas cannot be missed. But, what cannot be seen, are the germs of water-borne diseases such as typhoid, polio, undulant fever and dysentery which tend to be present in sewage or the toxic substances found in industrial wastes.

Nearly all cities in Illinois treat their wastes in some way on to some extent, but not many chlorinate the discharge to disinfect it. There are 600 small

towns in the state with no sewer systems. Residents must rely on septic tanks, which may eventually leak back into nearby streams. Many of these communities admit they are polluting streams; some plan to build modern sewer systems. Others are sitting and waiting for financial assistance to help them build the needed facilities.

Industries add the sometimes toxic, concentrated leftovers from washing, flushing, or chemical processes used in their production operations. A few Illinois industries still discharge untreated wastes into the waterways; some treat their own wastes, but most send them through municipal systems which often overtaxes the local treatment plants.

The regional nature of industry affects the type of pollution problems that must be solved in various parts of the state. In northern Illinois, wastes from metal finishing plants are toxic. Chemical plants contribute heavily to both water and air pollution. In northern and central Illinois there is a concentration of canneries that tend to pollute streams during the summer months. In southern Illinois acid wastes from coal mining and

brine from oil production are sources of pollution.

Streams may be polluted by careless or excessive application of agricultural fertilizers, pesticides and herbicides. Soil particles which enter water supplies, as the result of soil erosion, carry pollutants with them.

Of the major rivers, the Illinois River is the most seriously polluted all along its meandering route. It must carry the treated waste load from the entire Chicago Metropolitan area. Sewage treatment in Chicago Sanitary District plants is more than 90 percent efficient, but there is still a problem. The load is just too great.

Officials in Chicago, where giant strides are being made to combat pollution, estimate that more than two billion gallons of water carrying treated sewage is released each day from the city into canals and branches of the Chicago River. This, in turn, goes into the Illinois River.

Water resources authorities also point out that each day approximately 3,500 tons of solid wastes are sent down the Illinois River to the Mississippi River.

By the time the Illinois River reaches the Peoria area it has

begun to recover somewhat from the onslaught of pollutants. Then, it receives treated sewage from the Peoria area and some untreated wastes from the Peoria industries. Thus, it is polluted over and over again and becomes unfit for recreational use for a considerable distance downstream.

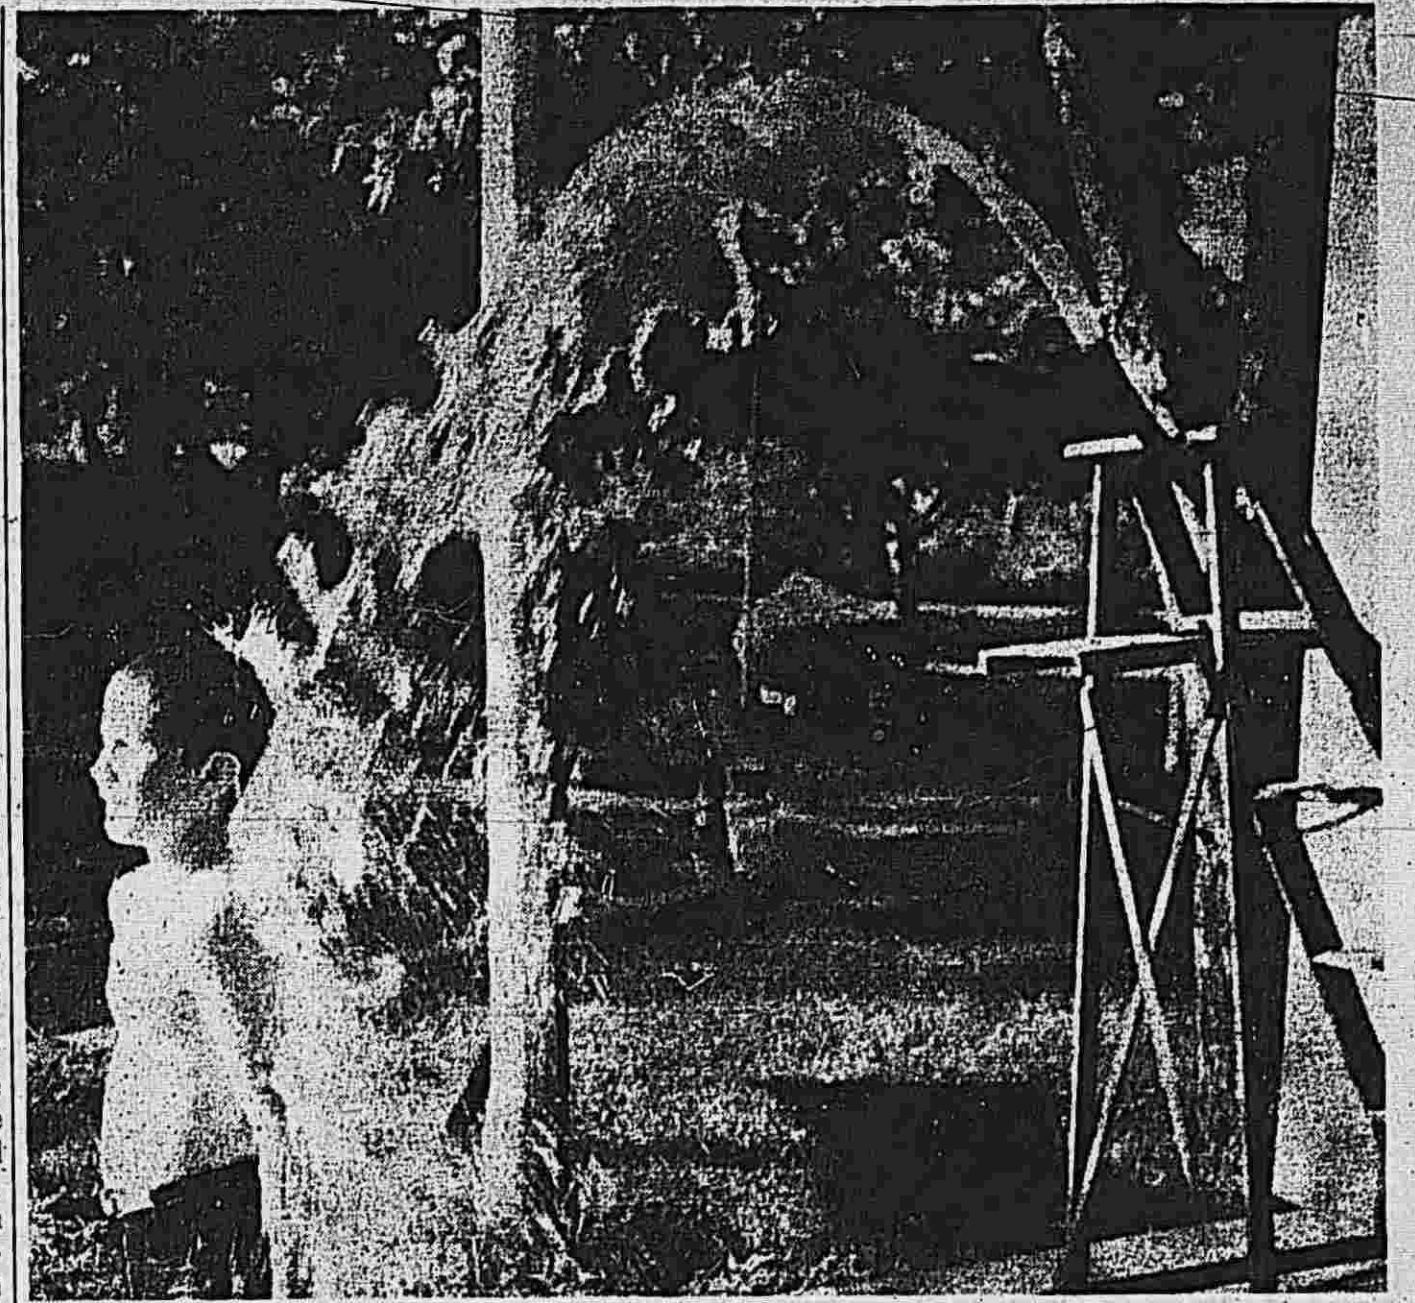

Water is a living organism—it needs oxygen to survive. A stream will purify itself, given enough time, enough extra water, and enough oxygen. The bacteria in sewage reduces organic wastes to a simpler and less harmful form, but in the process, vital oxygen is also consumed.

When the levels of the streams are low or when the waste load is too heavy, the oxygen is cut down in the water. The flow of many Illinois streams is now so low that effective self-purification is impossible.

Huge quantities of fresh water must be added to them in the near future if they are to dilute the increasing waste loads and survive the pollution threat.

Municipal sewage systems can use chlorination to kill disease-producing organisms and can treat wastes to a high degree.

VOL. LXXXIII. NUMBER 4

# Village To Seek Lease For Parking Facility

There is more to getting out a newspaper than just rounding up a story. Here Ray Nordling of The Antioch News sets up a headline to go with a story gathered in by a reporter.

The Antioch Village Board of Trustees Tuesday night voted to seek a five-year lease from property owners on the east side of Main Street, before continuing work on a municipal parking lot in the rear of the business places. The action to seek the lease first was taken as village fathers sought to step up progress on the project.

Mayor Raymond Toft took a practical view of the project when he said, "we don't want to go in and spend the taxpayers' money for the project if we come out without a project."

The village has already filled in the low areas in the rear of the buildings and are ready to go ahead with road grading and putting on an oil coating. But unless the lease is forthcoming the project may be halted.

Several weeks ago businessmen on the east side of Main Street, following an Antioch News editorial on the deplorable conditions of the back of the stores, petitioned the trustees to move the project along.

At that time they said they wanted to fix up the rear of their properties, but didn't want to expend the funds if no parking facilities were available in the back.

Mayor Toft designated Trustee Vern L. Barnstable to contact the owners and find out if such a lease could be signed.

Barnstable told other members of the board that he had already talked to some and they were in accord.

"But we have to have a lease before we can go ahead," Barnstable said. "Up to now they have been afraid that we were going to drop the program and not go any further with it."

Thus far some 3,000 yards of fill dirt has been put into the low areas of the proposed parking lot.

And, as it was pointed out, "that fill dirt you don't get for free."

In other action in the short

meeting, the trustees were informed that the federal government had approved reimbursement of \$192 or 50 per cent of the cost of three radios for the civil defense.

The village board also authorized the expenditures of \$253 for a time clock for wells number 3 and 4 to insure that both pumps would be putting out the same work, and \$125 for the purchase of five picnic tables for the park area around the Scout House.

### 3 In Antioch Area Lose Driving Rights

The Drivers License Division at Springfield has suspended the licenses of Thomas W. Behrendt of 920 W. Grand Ave., Lake Villa and Lawrence E. Pierce, Rt. 4, Box 593, North Antioch for three violations.

Leonard L. Miller, of Rt. 2, Box 80, Antioch also had his license suspended.

## Local Talent Jams Hayloft Jamboree

The "Hayloft Jamboree" comes to town Friday and Saturday for two performances at the Antioch Grade School auditorium. The talent is unlimited—and the show is geared to appeal to all, regardless of age. Performances will be at 8 p.m.

This big variety show will feature

nearly 30 top acts, featuring professional and local talent. It will be a gay, two hour show—that the entire family will enjoy. There will be country and western music, as well as folk singing, popular instrumental groups, solos, duets and dance groups. Proceeds from the show will be

used toward the improvement of the Antioch Methodist Church parking lot.

The Bill Benson Orchestra from Bristol will not only entertain in their own spot, but will provide backup music for many of the performers on the show.

Other entertainers are:

The Drifter and Bluesteel Boys, a top recording country and western band, who have made records at Nashville, Tenn.; the Hayloft Square Dancers from Waukegan, Antioch, Racine and Kenosha, with two named callers, Paul "Foggy" Thompson, National Square Dance caller at the Na-

tional Square Dance Convention held at Omaha, Neb., this year and Earl Thompson, well known caller from Racine, Wis.

The Dance Arama of Lake Villa will provide several top dancing acts.

Antioch area folks who will take part in the program include: The Ralph Brown Country Squares; Lila Palinski, Swiss Yodeler; Wendy Jensen, folk singer; Jeanne McIntire, novelty solo treat; "The Complete Blanks," rock and roll band featuring Sue Abderholden, Bill Gaa, Tony Baczynski, John Seblen and Mark Ryzko; Pamela and Paula Allen, duet; Bill Dow and his guitar; Richard and Jeanne McIntire, song and dance act; The Six Cousins—the Walsh Family; Clarence Olsen, ballad soloist; Jean Holman and Evelyn Dean, duet; Jim Boren, western singer; Carl and Carol Lewis from Zion; western number; Larry Dumford from Kenosha, pop singer; Eddie Charles from Burlington, a country and western soloist and Randy Irish, pianist from Wadsworth. "The Untouchables" will also offer a novelty specialty number.

Others in the cast are Robert Irish of Wadsworth, William Hansen and James Carlson of Antioch; David Foley, Wilson Runyard, Richard Clapper, Har-

(Continued on page three)

## Fair Highlights, Events Detailed

The 40th annual Lake County Fair and 4-H Club Show starts Wednesday, July 24 and continues through five days and nights, including Sunday, July 28, according to Lake County Extension Advisers, Ray T. Nicholas and Helen Volk. The hours are from 9 a.m. to 11 p.m.

The fair will be held on the Lake County Fair Grounds, located on Rte. 45, about one-half mile north of Rte. 120. The Fair Grounds are about 10 miles west of Waukegan, and one mile east of Grayslake, and about 40 miles northwest of Chicago.

The Lake County Exposition is now recognized as one of the top county fairs in Illinois, and among the top in the entire nation. More than fifty acres of land are available for the industrial, educational, and commercial exhibits, the large midway, and for parking.

While the Lake County Fair still maintains much of the flavor of the old county fair with its livestock, crops, and homemaking arts exhibits, it has kept up with the latest progress in making this an outstanding exposition for everyone.

From one end of the vast expanse of grounds to the other, there will be exhibits and attractions for all. The midway, with its many rides and booths, will provide a sparkling carnival atmosphere.

Those who delight in seeing the best in purchased pedigree stock will find it at the Lake County Fair and 4-H Club Show. There will be hundreds of head of prize-winning livestock, ranging in size from the tiny bantam chickens and furry rabbits to the huge dairy sires.

Exhibitors from Illinois and neighboring states will exhibit their best blue ribbon poultry, sheep, swine, dairy cattle, beef

cattle, rabbits, and pigeons. For those who prefer their livestock in action there will be 4-H and open class horse and pony shows and the Bar M Rodeo.

The opening day of the fair has been designated as 4-H Club and Youth Day, and will feature an all-day horse show. Reduced prices on rides in the midway will be in effect until 6:00 p.m.

Highlighting the entertainment programs will be a number of outstanding performers in a variety program. The program for the opening day, Wednesday, July 24, will feature a two act play commemorating the Illinois Sesquicentennial entitled "Make Her Wilderness Lake Eden." This will be presented from the stage at 3:00 and 8:30 p.m. The Great Lakes Navy Band will present a concert at 6:30 p.m. to be followed by the crowning of the 1968 Fair Queen at 8:00 p.m. Climaxing the opening day evening program will be a giant spectacular fireworks display.

Entertainment for Thursday will include Organ Concerts at 1:00 and 7:30 p.m. and the fireworks display at 10 p.m.

Highlighting Friday's entertainment will be the introduction of the Fair Queen at 7:45 p.m. and the Bar M Rodeo at 8 p.m.

Followed by the fireworks display at 10 p.m.

Saturday's entertainment program will include a huge parade at 6:00 p.m., an organ concert at 7:30, followed by the presentation of the Fair Queen at 8 p.m. The exciting and thrilling Bar M Rodeo will perform at 8:30 p.m. and will be followed by a fireworks display at 10:30.

Sunday's entertainment program will conclude with the Bar M Rodeo performance at 8:15.

Plenty of action and precision driving will be displayed during the six different horse and pony shows to take place the day before and during the County Fair.

Fair goers who love a parade will enjoy the giant livestock and machinery parades on Saturday and Sunday evenings starting at 6:00 p.m. The parade will be led by Miss Lake County Fair Queen of 1968 and her court of beauties.

Following this feminine charm will be the blue ribbon and champion dairy cattle, beef cattle, sheep and swine led by their proud and adult and 4-H member exhibitors. The parade will feature the cream-of-the-livestock entered in the 1968 Lake County Fair and 4-H Club Show.

(Continued on page three)

## Three Required In Water Skiing

Three is not a crowd for those who go water skiing in Illinois. It's the law.

In addition to the person on the skis, Illinois Boat Registration and Safety Act provides that there must be at least two competent persons, capable of operating the vessel, in the motorboat.

The Illinois State Bar Association also lists these other safety laws for water skiers and their boat operators:

1. The motorboat "must be operated in a careful and prudent manner and at a reasonable distance from persons and property so as not to endanger the life or property of any person."

2. Neither the powerboat or the tow rope may be manipulated in such a way as to cause the skier to "collide with or strike against any person or objects except ski jumps, buoys and like objects normally used in competitive or recreational skiing."

3. Water skiing or aquaplaning may be carried on only from one half hour before sunrise to one half hour after sunset unless part of a water sports tournament exhibition or trial for which adequate lighting is provided.

4. There must be a U. S. Coast Guard approved life saving device on board for each person in the boat or on skis.

5. The speed of the boat must enable it to be stopped within the "assured clear distance ahead."

6. No person may operate a motorboat who is intoxicated or under the influence of narcotic drugs.

Violators of the foregoing regulations may be fined not less than \$25 nor more than \$100, except

that a speeding violation carries a fine of not less than \$50 nor more than \$500, or jail term of from 30 days to six months, or both. In addition, the speeder may "be refused the privilege of operating any watercraft on any of the waterways of this State for a period of not more than one year."

In case of a boating or skiing accident causing death, personal injury, or property damage of more than \$100, the law requires the boat operator to make a written report to the Illinois Department of Conservation on a Department accident form within five days.

### WEATHER REPORT

	H	L	R
Wed. ....	68	45	—
Thurs. ....	80	48	—
Fri. ....	85	56	—
Sat. ....	90	65	—
Sun. ....	91	69	—
Mon. ....	90	70	—
Tues. ....	90	72	—

Remarks: Well, I don't know how the rest of you feel but I would like to see some rain to break this hot spell. Our average high for the past week was 85.0°F., for the same period last year it was 79.7°F. We have had four days of 90° or better and there doesn't seem to be any let up in sight before Thursday.

Field work has progressed very well over much of the state but moisture is needed generally as tasselings advance. Corn averages about 49 inches in height, compared with 50 inches a year ago. And the 5 year average of 55 inches. Nearly one fifth of the acreage has tasseled as of last Friday.

HAYLOFT JAMBOREE VARIETY SHOW will feature singers, musicians and dancers galore tomorrow night (Friday) and Saturday, July 19 and 20, at 8 p.m. at Antioch Grade School auditorium. Many Antioch folks, loaded with talent, will participate in the show for the benefit of the Antioch Methodist Church's improvement of their parking lot.

## EDITORIAL

## Direction Needed

Much criticism has been leveled recently at the Lake County Health Department.

Chief hurler has been Chairman of the Lake County Board of Supervisors Robert Depke, of Warren Township.

Depke has gone so far as to suggest that the Lake County Health Department might even be investigated to determine just what is going on.

In our opinion the Lake County Health Department performs a useful function for the citizens of Lake County.

While it is not perfect, but show us one that is, it does the job it has been created for.

Add to this fact that the Lake County Health Department was brought into being by the vote of the people, and you have a pretty convincing case for its retention.

We feel that the floundering of the Lake County Health Department has been because of a lack of a director since the departure some 18 months ago of Dr. Arthur Baker.

Baker built up a department—many say that it is too built up—from scratch and, to his credit, it has lasted even though he has left.

Now comes word that the board of directors of the Lake County Health Department has hired a successor to Dr. Baker.

He is Jack Smith, 49, of Philadelphia, and he is due to take up his duties in September.

We hope that the addition of the director will bring cohesion to a department that can be of utmost importance to the citizens of our county.

We feel that it just might happen.

## Bad Roads Again

The condition of the roads today in Illinois is deplorable — and if the politicians in Springfield have anything to say about it they are going to stay that way.

The state is in dire need of revenue and where do they go first? Why to the motor fuel tax fund, of course.

Now it seems they want to take—excuse us—borrow some \$60 million from the fund.

It would seem to us, who foot the bill for everything they do, that the problem could have been solved without this.

Now we do not claim that we have the answer.

But we haven't been elected to office to supply those answers, either.

Human lives which could be saved through the repair of roads, we think, are more important than some of the expenditures this money will go to meet.

Bad roads have taken the toll of human lives.

It seems that in Illinois they will continue to do so.

## YESTERDAYS

THURSDAY, JULY 17, 1968  
FROM THE ANTIOCH NEWS

Ten Years Ago

Jackie Pregenzler who will be 26 on August 2, received word late Monday night that he was signed by the Pittsburgh Pirates as a pitcher.

\*\*\*

Art's Paint Store on West Lake Street will have a grand opening July 25 and 26 in exhibiting its expanded display room.

\*\*\*

Hearings on the Soo Line's petition to abandon regular service for Antioch and the Blue Bird Coach Line's petition to provide Antioch-Chicago bus service during the summer were continued by the Illinois Commerce Commission in Chicago.

\*\*\*

William A. Rosing, retired automobile garage operator and real estate man, was honored by the Antioch Lions Club Monday evening through the presentation of a life-membership.

Thomas J. Sahamel, salutatorian of the graduating class of Antioch Township High School has been awarded a state scholarship.

\*\*\*

Nine accidents within a 24-hour period Sunday, gave the Antioch Rescue Squad its busiest day in its history and drew into service six doctors who were attending a party given by Dr. James W. Kopriva as a farewell to former Antioch physician, Dr. Irving Breakstone. Three extra men were called into the service by the Rescue Squad. They and the regulars for the day included Everett Oftedahl, Charles Larson, Ernest Westlund, Marvin Heah, Fred Yates, Frank Balistreri, Fr. Edmund Hood, Walter I. Scott and Chief Holbek.

Mrs. Frances Barnstable and her two grandsons, Tommy and Jimmie Barnstable and niece Mary Ann Tweed, spent a few days at Cletek, Wis., with Mr. and Mrs. Joe Nader, Sr.

Miss Gwyn Pierce, daughter of Mrs. Elsie Pierce of Antioch, became the bride of Paul Portwich, Jr., son of Mr. and Mrs. Paul Portwich, Sr., of Grass Lake Road, in ceremonies at Faith Lutheran Church. Attending the couple were George and Doris Pierce.

A 21-inch bell that for nearly a quarter century called Antioch firemen to their tasks has been mounted on a concrete pedestal for the public to view at Orchard

## ALONG THE WAY with Annie Mae

## CONGRATULATIONS

To our fire department water fight team on their recent second place win. The trophy is really something to talk about!

## EVERYBODY IN THE POOL

Both the Fire Department and the Rescue Squad held their pool parties this past week. The main item on each agenda was who to throw in the pool next!

## GONE FISHING!

Hayward, Wisconsin, was the home away from home for Frank and Louise Johnson and family last week.

## ONE A DAY

Sgt. Frank J. Marotta is a mighty lucky fellow. A package has been mailed to him every day that he has been in Vietnam

and Broadway in front of the fire station. Lettering on one side of the bell reads "Village of Antioch, Chief Henry Bellet, Com. L. M. Haynes, A. G. Watson, and Frank Dröm.

\*\*\*

The Lions Club made \$296.05 at its rummage sale held last week in connection with the American Legion Carnival.

\*\*\*

FROM THE ANTIOCH NEWS  
JULY 15, 1943  
25 Years Ago

Gordon DeBoer, of Camp Davis, N.C., reports that there are a lot of WAACS at Camp Davis.

\*\*\*

During the past two weeks, several new service men's names have been added to Antioch's list: Harold Wells, J. B. Fields, Naval Officers training; Pvt. James H. Harvey; Ben Noble, MoMM 1-c; Coast Guard; Joseph M. Smith, Naval Officers Training School; Pvt. Tony B. Sciacero and Private Richard O. Burnette.

\*\*\*

Sgt. H. C. Witt is home for a month's furlough with his wife Hazel (Chinn) Witt, after seeing plenty of service in Africa and other foreign countries.

\*\*\*

Sgt. Harry L. Nelson and Pvt. Harold Nelson, sons of Mr. and Mrs. S. Boyer Nelson of Antioch are overseas.

\*\*\*

Louis Koppen, U.S.N., who has seen active service in the Pacific is now attending Naval Officers Training school at Pasadena, California.

\*\*\*

Harold Gaston, printer's mate, third class USN, arrived today from White Plains, N. Y., where he is stationed, to spend a ten day furlough with his parents, Mr. and Mrs. H. B. Gaston. He has been in the navy since January 1942.

\*\*\*

Mr. and Mrs. Art C. Lubkeman and family, Mrs. Lena Grube, and Mr. and Mrs. Ed Sonich of Chicago visited the Wisconsin Dells last Thursday and Friday.

\*\*\*

The A&P advertised Sharp American Cheese at 33c per lb.; Celery, 2 stalks for 23c; Tomato Juice 12c for an 18 oz. can; Frozen Sea Herring 8c lb.; smoked picnics 29c lb.; Slab bacon 31c lb.

In the Want Ads, a Billy Goat, cart and harness, were \$10.00; a high school girl was wanted for two weeks for light housework and care of two small children at \$12.00 per week.

\*\*\*

New officers installed by the Lions Club included Ed. F. Vos, President; Dan S. Boyer, first vice-president; William A. Rosing second vice-president; Arthur Trieger, third vice-president; Attorney Edward C. Jacobs, secretary-treasurer; Dr. Frank Keefe, tail-twister; Rudolph Eckert, lion-tamer. Directors are William M. Marks, Ben R. Burke, Dr. G. W. Jensen and R. E. Mann.

\*\*\*

## Plan New State Park

The Lewis and Clark Memorial near Wood River, Madison County, eventually will become a state park of more than 500 acres with facilities for camping, picnicking and hiking, if present plans materialize. The additional acres include a transfer of about 300 from the Corps of Engineers and the purchase of more than 200.

In announcing the project Gov. Samuel H. Shapiro said that when the project "is fully completed and developed, it will become one of the most significant historical sites in the Midwest."

The completed park is expected to cost over \$1 million.

able to make the July mailing on time.

We also wish to thank the many people who have called the Post Office and helped us complete our list.

Harry Brehen  
(On behalf of Antioch P. O. Employees)

Wise men are not always silent, but they know when to be.

Call 395-4111 to place a Society or News Item.

## Lake Villa Plans Annexation Talks

Property owners of a 20 acre site located on Petite Lake Road and Rte. 83 will have an opportunity to talk with village trustees in an informal discussion regarding the annexation of this acreage to Lake Villa.

Walter Larson and John Gridley asked for the hearing at the Village Board meeting on Monday night. No date has been set for the conference.

A petition to annex the 30 acres of Cedar Lake and Sherwood Park was presented by Delbert Sherwood, owner of the parks.

Mayor Cremin refused to accept it during a regular meeting as two members left early to go to work, and there was not enough time for full discussion. Mayor Cremin wants to talk about it at an informal meeting.

Ronald Coles, Lake Villa Township supervisor was authorized to post signs in windows of business houses in the community, publicizing the fishing derby Saturday.

It will be held from 11 a.m. to 3 p.m. on Cedar Lake in Lehmann Park. First, second and third place winners will compete for the grand championship on Aug. 24. Entries are limited to Lake Villa Township residents only.

Phone 395-4111 for a free Classified Ad.

## Pollution Everyone's Plight

(Continued on page two)

Industries, which often send hot water into nearby waterways and spread up the pollution process, can instead direct the used water through cooling towers to lower its temperature before it is returned to the source.

Oil and gas wastes can be disposed of through injection wells. Many industries are doing these things already. Others are far behind in providing the needed controls and equipment.

In answer to Federal pollution control legislation, Illinois set up new criteria for water quality on all inter-state rivers and similar criteria is now being applied to interior streams.

These standards, which went into effect last year, require that

"Capital is a material thing, but capitalism is a method for inspiring the maximum in imagination, ideas and effort from free men to fulfill a useful purpose," remarked J. Wilson Newman, board chairman of Dun & Bradstreet.

"If business can't provide such non-material values along with material gains, then for what do we labor?"

water must be pure enough to support fish and aquatic life on most streams and to permit recreational facilities on the Illinois, Mississippi and other rivers. Meeting these standards requires a huge, diversified program allowing for expansion and construction of sewage treatment plants throughout the state and massive innovative ways to undo the damage already done.

# Summer Tan May Cause Skin Cancer

A carefully cultivated summer tan may look stylish but it may be dangerous, according to Dr. John J. Zannini, president of the Lake County Unit of the American Cancer Society.

"Skin cancer is one of the 'Big Six' cancers which the Society is making a special effort to combat," Dr. Zannini stated, "and excessive exposure to sunlight is the principal cause."

(The other five of the "Big Six" are cancer of the lung, uterus (womb), colon-rectum, breast and oral region. Altogether, they account for 60 per cent of all cancers and almost exactly half of all cancer deaths in the United States.)

Cancer of the skin is the most common form of cancer. Dr. Zannini went on to observe: "More new cases occur yearly than of any other type of cancer—105,000 new cases are estimated for 1968 alone. In contrast, the number of deaths is low; there will be an estimated 5,000 fatalities from this type of cancer during the present year."

"Cancer of the skin is not only the most preventable cancer we know, it is also the easiest to detect while the growth is at an

## MOOSE TOPICS

By Lillian Birdsell

The membership campaign sponsored by Warren Andre during his term of office has come to an end and the results were a complete success. From the original quota of 200 members specified, a total of 196 were enrolled during the one year period. This is the largest number the Antioch Moose has ever enrolled in its existence. All this was made possible because of the work of 42 members, who are responsible for the success of this campaign. The prizes, which consisted of all cash money, were awarded Saturday evening, July 13, at the Moose Home.

Member Ray Edwards, who enrolled a total of 24, was given top honors for his efforts. He was unable to be present on this night and will receive his prizes at the next regular meeting of the Loyal Order. Brother Ed Kurtz was second with a total of 20 followed by Lester Sperling who had 18. Fourth honors went to Don Hartman, who had 15, and fifth was given to Governor Scotty Birdsell with a total of 14.

Governor Scotty Birdsell, Jr. Jerry Kusch, trustee Mike Phillips and secretary Arthur Andersen, donated their prize money back to the Lodge funds. Mr. Andersen and his wife Elizabeth attended the 3rd District meeting held at the Zion Benton Moose Home on this evening, to represent the attendance of the Antioch Moose and he was unable to be present for the award presentations.

Prelate Lester Sperling is chairman in charge of the new membership drive for this year. His plans for the new campaign will be announced in the near future. He is hoping that the members will continue their support and help make his campaign the success that Andre's was. He did say, however, that the prizes this year will be gifts and they will be awarded once each quarter instead of waiting until the end of the year.

The officers of the Antioch Moose Hunting Club held a special meeting at the Moose Home, Thursday evening, July 11. Harold Klempner took over the responsibilities of the treasurer and secretary and Dale Hoffmann was made vice-president. The rules concerning the new hunting grounds for the control shooting area were discussed. Be-

## John Moran Elected New Judge Advocate

The Illinois American Legion Historians' Association will hold its installation of 1968-69 officers at a breakfast in Chicago on July 27, as a part of the Annual Convention of the Illinois American Legion being held from July 23 to July 28. Headquarters will be at the Palmer House for the Legion Auxiliary.

Two of the officers being installed are veterans from Lake County. Cyril Mayfield of 1307 Grand Avenue, Waukegan, has been appointed treasurer, and John L. Moran of 407 Orchard Street has been elected as Judge Advocate.

Moran has been the association secretary for the past three years. He was recently appointed Department Assistant Historian by Department Commander for Illinois, Russell P. Bieritz. He replaces Emerson Tidd of Mendota, Illinois, who held the post for the past three years.

Alfred C. Seeborg of Chicago is the department historian, having held the office for the past nineteen years.

## Gun Control Dominates Percy Mail

Sen. Charles H. Percy, R-Ill., said that gun control mail continues to dominate the communications his office is receiving.

Percy said he received nearly 40,000 pieces of mail in June dealing with gun controls. He said every letter would be answered though despite evening and weekend schedules and extra personnel brought in, there may be a delay of several weeks before replies can be expected.

The previous week 80 per cent of the mail received dealt with fire-arms control, Percy said. Previously the mail ran as high as 95 per cent in favor of stricter controls, he said, but last week the postcard and letter writers switched to opposition against such controls by a 4-4 margin.

Other issues attracting mail the week of July 1-6 included: Presidential appointment of a new Chief Justice, Air Traffic Control bill, Mutual Fund legislation, Proposed constitutional amendment on prayer, Steel Import bill.

## Rescue Squad Calls

Estelle Fleider, of Rt. 1, Rena Avenue, was taken to St. Theresa Hospital on Tuesday, July 9, by the Antioch Rescue Squad.

Marie Waak of Trevor, Wis., was rushed to Victory Memorial Hospital on July 11 and Ana Ruzmishok of Trevor was taken to Victory Memorial on July 12.

Mary Wiltmer, of Rt. 3, Antioch was taken to Victory Memorial Hospital on Tuesday, July 16.

## CASSEROLE CLEANING

Having trouble cleaning glass or ceramic casseroles that have burned-on bits of food (especially around the edges)? A tip from a reader in the August Family Circle magazine: Spray with oven cleaner, let stand 20 minutes, then wash in sudsy hot water. You'll find no more scouring is needed.

regents from the first collegian to the last one, which was Evelyn Miller.

Mrs. Miller received her cap and gown at a ceremony held in Mooseheart on June 15. She is the green tassel girl for the year and was appointed to serve as college chairman for the term.

Collegians present from other chapters were Ellen Bywell and Lucille Rinda of Fox Lake, Edna Nobis, Hilda Pilz, Meda Jankomovich and Hattie Eskdahl of Waukegan and Helen Miller of Elkhorn.

Collegians of Antioch present were Gladys Schroeder, May Palmer, Alice Young, Geri Good, E. Jane Meyer, Gerry Mark, Mid Gillum, Harriet Grewe and Evelyn Miller.

Ellen Bywell of Fox Lake was acting senior regent for the evening and conducted the enrollment ceremony for the benefit of the new members. New members enrolled for this night were Nancy Freund, sponsored by Harriet Grewe, Lucille Kleck and Marion Michelson, both sponsored by Alice Young.

Co-workers Mary Blue and Peggy Leah Martin were presented with their chapter pins by senior regent Shirley Gehris for attending three consecutive meetings. After reading the calendar of the month, she reminded the members of the ritual practice which will be held at the Moose Home Thursday, July 25, at 7:30 p.m.

# "Protect Your Driver's License" Brochure Ready

Secretary of State Paul Powell announces the issuance of a new small brochure explaining the provisions and requirements of the Illinois Safety Responsibility Law.

"This law affects all motorists who are involved in accidents in which there is more than \$100 property damage, personal injury or death, but it is not very well understood, even though it has been in effect since 1946," Mr. Powell said.

"As a result, many motorists have been needlessly inconvenienced by having their drivers' licenses and motor vehicle registrations suspended simply because they were not aware of what the law requires under those circumstances," he added. "We hope this brochure will help to prevent such inconveniences."

The brochure, titled "Protect Your Driver's License—Know the Law," is being enclosed with all renewed drivers' licenses, is available at all downtown Driver License Examining Stations and the three Motor Vehicle Facilities in Chicago, and will be distributed through Driver License Mobile Units appearing at county fairs and similar events, and at Secretary of State's exhibit at the Illinois State Fair, Mr. Powell said.

The brochure points out that the law makes no distinction between motorists who are at fault and those not at fault in the type of accidents affected by the law.

## Millburn News

By Mrs. Frank Edwards  
Elliot 6-5295

Regular services at Millburn Congregational Church Sunday, July 21, at 10 a.m. Mr. Richard Mitchell, Executive Secretary of North Lake County Family Service Agency will be the speaker at the service. Last Sunday, Mr. C. W. Carroll, Moderator of Mundelein Community Church had charge of the service during Rev. Messersmith's absence.

The Devotional Study Group met at the home of Mrs. Garrett Trout last Thursday morning with 8 members present. The next meeting will be Thursday, July 25 at the home of Mrs. Gordon Wells of Hickory.

Mr. and Mrs. Robert Erwin of Waukegan were callers at the home of Mrs. Frank Edwards Saturday.

Mr. and Mrs. Rex Fleming of Chicago were callers at the home of Mrs. Harley Clark Friday afternoon.

Mr. and Mrs. John Edwards of Libertyville were callers at the home of Mrs. Frank Edwards Sunday evening.

Mrs. Harley Clark spent Tuesday at the James Bonner home in Kansasville.

## Hi-Rise Bldg. Underway In Waukegan

"The Towers," the tallest building in Waukegan is now under construction at 200 Julian Street. It will be a 150 unit, 15-story apartment building and the first in this area built under the federal government's 221 d-3 program—a provision of which limits occupancy to those of low and medium income.

Rentals will be approximately \$118.50 for one-bedroom units; \$139 for two-bedroom units and \$160 for three-bedroom units.

The program stipulates that they shall be rented to persons making between \$6000 and \$9850. The rentals include everything except electricity. There will be a coin operated laundry on the second floor, a large play area and a parking area, part of it enclosed.

Completion is expected during May of 1969, though some of the lower floors might be ready for occupancy in March of 1969.

The FHA has certified Developer William R. Stauber and associates as the management group. In the group are Stauber's sons William B. and J. Randy; David Dubin, Arnold Benson and State Senator Robert Coulson. Attorney Charles L. Whyte represents the group and Fred Teitelbaum Construction Co. is the general contractor.

## Summer Training For College Students Set

The sixth annual summer training program for junior and senior college students opened July 1. Following a week's orientation, students will complete a six-week program under direction of the Department of Public

## Fair Highlights..

(Continued from page one)

One of the highlights of the 1968 Lake County Fair is the presentation and crowning of the Fair Queen and her Court of feminine charm. The 1968 Fair Queen will be crowned Wednesday evening, July 24, at 8 p.m. on the stage at the north end of the Fair Grounds. Trips and numerous awards will be presented to the queen and members of her court.

The tractor pulling contest will be held Sunday, July 28, starting at 12 noon.

In addition to the exhibits, the agricultural club members will present 2 horse shows starting at 8 a.m. Wednesday and Thursday, July 24 and 25, and a dog show, including performance and action, on Friday, July 26 at 9 a.m.

The 4-H club members will share in more than \$4,000 in premium money allotted to the 4-H member exhibitors.

In addition to the 4-H club exhibits and the livestock exhibits, there will be thousands of other exhibits and displays by farmers, homemakers, and hobbyists.

A public auction of grand champion, reserve champion steers, barrows, and wether lambs will take place on Saturday, July 27, at 3 p.m. in the livestock area of the Fair Grounds. This auction is open to the public, and everyone is invited to bid on the blue ribbon livestock.

Lake County's mayors, supervisors and their wives will be special guests of the Lake County Fair Association Board of Directors at a special informal reception Wednesday evening, July 24, at 5:30 p.m., at the Lake County Fair Grounds Auditorium. Also invited are the Farm Bureau directors and their wives and their wives and the extension council members and their spouses.

While this year's attendance is expected to exceed that of last year, Raymond Flood, President of the Fair Association, states that there will be plenty of parking available on the grounds only a short distance from the exhibits and midway. Access to the grounds can be made at two entrances located a half mile north or a half mile west of the junction of Routes 45 and 120. The admission to the fair is \$1.00 for adults. Children under twelve and under are admitted free.

Officers of the Lake County Fair Association are Raymond Flood, President; Clarence Naffziger, Vice-president; L. A. Nordhausen, Secretary; and Richard Jenkins, Treasurer. Other directors are Earl Kane, Jr., William Duncan, Richard Warfield, Walter Krumrey, and Lyle Matthews.

## Malejka Elected Dem. Chairman

The Democratic Precinct Committee of Antioch Township met last Friday and elected John Malejka of Channel Lake as chairman of the Democratic Party of Antioch Township for the next two years.

Malejka was road commissioner of Stickney Township for 15 years before moving to Antioch. He has held the office of Democratic Precinct Committeeman of the 5th precinct for eight years.

Chairman Malejka announced that the Democratic Annual Dinner will be held on Saturday, October 26th at Mark's Castle in Antioch Township.

## Reflector Material On Ill. Plates Okay

The reflectorizing material used on Illinois motor vehicle license plates proved superior to others tested in a year-long study conducted by the University of Illinois Highway Traffic Safety Center, Secretary of State Paul Powell said recently.

Factors studied in the test were durability, legibility and visibility. Four manufacturing companies submitted 10 samples of reflectorizing materials for the tests.

"Of the materials tested by this study, only Series 6, 7, 8 and 9 can be recommended for use," the University's report stated.

## Thompson Visits Madison

Bill Thompson, son of Mr. and Mrs. Harold Thompson, Route 4, Antioch, was among some 600 young men and women who visited the University of Wisconsin campus in Madison recently to register for University studies to be started with the opening of the University's school year in September.

The young people are taking advantage of the University's summer registration-orientation program for new freshmen which has just complete its second week. The program was established to help young people make their transition into University life easier both for themselves and their parents.

This summer's advance registration-orientation program at Madison continues through July 26. Under it, the young men and women visit the campus for at least a day, often with either their mothers or fathers or both parents, arrange for their housing if that is not already done, take some placement tests, meet some student leaders and faculty members, and register for their coming University studies designed to lead them into their life careers.

Aid. Trainees will learn to perform many of the duties of a caseworker. The program serves as a means of recruiting trainees as social workers for the department.

## Health Director Named

The Lake County Health Department finally has ended its search for a new director.

He is Jack I. Smith, 49, associate professor of community medicine at Hahnemann Medical College, Philadelphia.

Smith has accepted the \$27,000 a year post vacated in July, 1966, by Dr. Arthur Baker who resigned to take a similar health post with the state of New York.

Smith, married and the father of two children, received his medical degree from the University of Cincinnati and his doctor of health degree from the University of Tulane.

Prior to joining Hahnemann College, Smith was director of the chronic disease control program for the St. Louis County, Mo., health department.

He also served as instructor of epidemiology, the study of diseases, at the Tulane School of Medicine, and was health officer for the Olympia Health District for the State of Washington.

Smith will come to Lake County sometime in the summer and will take up his new post in September.

## Local Talent....

(Continued from page one)

old Lipski, Larry Skilbeck, Walter Streckfuss, Tom Biemeier, Thom Orgelsrand, Charles Larson and Robert Peterson, all of Trevor, Wisconsin.

Stage setting is under the direction of Bob Koemoud, Sunday School superintendent. Antioch Lumber Company has contributed to the stage setting. Mrs. Ruth Duha, church secretary, is in charge of ticket sales and members of the church will assist as ushers. The show is under the direction of Florence E. (Dexter) Druhl, Trevor, Wis.

## Village To....

(Continued from page one)

The trustees were also told that the weed cutting program was proceeding nicely and that only about four sidewalks were left to be repaired in the village.

The board also authorized for bids for the installation of two five-foot manholes on North Avenue to be opened on Aug. 6.

## American Legion Auxiliary News

By Del Jahneke

The Antioch American Legion Auxiliary No. 748 held their regular meeting on July 12th, at the Antioch Legion Home, with Mrs. Bernard Stadick, President, conducting.

Miss Donna Garrison, Illinois Girl Stater, gave a brief, but enthusiastic resume of her week's stay at Girl's State, in MacMurray College at Jacksonville, Ill. She related who she campaigned for the office of Lieutenant Governor, one of the top offices. However, the competition was too powerful, and Miss Garrison was defeated. She stated that the week's study of government on all the city, county, state and national levels, as well as the active participation in campaigning for the various offices, would be a tremendous aid in her senior year's course of government study. Miss Garrison heard an address by Secretary of State Paul Powell; and saw other government dignitaries. She thanked the Antioch Unit for sponsoring her to Girl's State. Mrs. Joseph Horton is the Illinois Girls' State chairman.

A donation was made to the Lake County Cancer Association, under the Community Service program, with Mrs. John L. Moran, Sr., as chairman.

It was voted to hold the Past President's Party in September, rather than in August, when it was originally scheduled.

The meeting was concluded with refreshments served by Mrs. J. L. Moran, Sr., and committee.

Mrs. Bernard Stadick and Mrs. Edward Jahneke, 2nd Division Foreign Relations Chairman, will represent the Antioch Legion Auxiliary, as delegates to the 48th annual Illinois American Legion Auxiliary Convention. This Convention will convene at 9:45 a.m. on Thursday, July 25, and sessions will also be held on July 26th and 27th in the Grand Ball Room of the Sherman House, Chicago. Mrs. Stanley O. Lofgren, Des Plaines, State President, will preside at all sessions.

Highlighting the Convention, will be an address by the National President, Mrs. Vernon H. Randall of Chamblee, Georgia, on Thursday evening, July 25th, when she will be the guest of honor at the National President's dinner in the Grand Ballroom.

A special luncheon will be held on Friday, July 26th, in honor of the gold star auxiliary members. This luncheon is limited to gold star members. Mrs. Trudy Nelson, Alternate to the Convention is a Gold Star widow.

Election of state officers will be held Friday with the polls open to the approximately 1,100 delegates from 12 noon to 6 p.m. Mrs. Richard Brady, Gurnee, District Director-elect, and Mrs. Jahneke have been appointed as judges of election by the state president. Only the office of department historian is being contested, with four candidates in the running.

The Rehabilitation Service Forum will be Friday evening, July 26th, at 7:15 p.m., in the Ball Room of the Sherman House. Several hundred American Legion Auxiliary Volunteer Hospital Workers will be honored.

On the morning of July 27, past Unit presidents will have their "time of recognition" at the special breakfast, held in the College Inn at 7:15 a.m. One of the features of this breakfast is the presentation of several nurse's scholarships to high school graduates who have qualified in the American Legion Auxiliary competition and have been accepted for nurse's training. A substantial contribution will also be made to help defray the expenses of maintenance of the Veteran's Craft Exchange, 30 West Washington St., Chicago. Mrs. Burt Anderson, unit veteran's craft chairman, states that this non-profit shop is the only one of its kind in the nation. It serves as an outlet for articles made by handicapped veterans. Both men and women are exhibitors, so the items offered for sale range from the practical to the strictly feminine. Unusual children's toys are available. This Veteran's Craft Exchange is sponsored by the Illinois American Legion Auxiliary.

The Saturday session of the Convention will include the installation of the newly elected state officers for the year 1968-69.

The Grand Ball Room of the Palmer House will be the setting for the Department of Illinois Convention dinner, honoring

state Commander Russell Bieritz of the American Legion and the Auxiliary President Mrs. Lofgren. Saturday evening at 7:30 p.m. This gala banquet will be held jointly with the Legion.

On Sunday, at 1 p.m., a huge parade, featuring many "crack" drum and bugle corps; marching units, floats, etc., and lasting approximately three hours; will conclude this year's state American Legion and Auxiliary Convention.

## PM&L In Last Week Of Rehearsal

As the cast of "Kiss Me Kate" under the direction of Ken Smouse goes into its last week of rehearsal before the July 26th opening, the tension and tempo are increasing. The set is almost completed, costumes are being fitted, choreography rehearsals between scenes, and excitement fills the theatre.

William Shakespeare's riotous, rollicking comedy The Taming of the Shrew was first produced in London in 1594. Three hundred and fifty years later, in 1948, a version of the Bard's boisterous play burst upon the Broadway stage in one of the greatest musicals of our time, "Kiss Me Kate." In Bella and Samuel Spewack's inspiring fashioning of the Elizabethan romp, composer-lyricist Cole Porter found a perfect vehicle for his genius: setting wry and witty words to hauntingly memorable melodies.

"Kiss Me Kate" tells the story of a theatrical troupe's romantic and financial misadventures during the Baltimore tryout of a revival of "The Taming of the Shrew." Many of the Spewack's plot complications, in fact, parallel ingeniously the hilarious incidents of Shakespeare's famous comedy.

Fred Graham (Wes Camp), the revival's flamboyant producer-star, has cast himself as the swaggering Petruchio, who has "come to wive it wealthily in Padua," opposite his temperamental ex-wife and co-star, Lilli Vanessi (Barbara Fleischer), also ideally cast as the tempestuous Katherine. By the musical's close Fred has decided to give up his flirtation with Lois Lane (Marybeth Vaughn), the traveling company's Bianca, to return to his former shrewish, but now tamed, spouse, Lilli. Lois, meanwhile, has transferred her amatory attentions from Fred to her original boy friend, irresponsible but likeable Bill Calhoun (Bob Thomley), the troupe's Lucentio.

"Kiss Me Kate" will be given July 26, 27, 28 and August 2, 3, and 4 at the PM&L Theatre, 877 Main St., Antioch. Curtain time 8:30 p.m.

## Movie At Antioch Evangelical Free Church

Heralded as a new dimension "Something to Die For," dramatic sound motion picture produced in Singapore, will be shown July 21 at the Antioch Ev. Free Church. The church is located at Tiffany Road and Highway Drive.

"Something to Die For" tells the story of Kim Sun and Mei Lei, two Chinese high school students, and their desperate search for truth. When they find it through the mediation of an Indian boy who introduces them to a unique Christian club in their high school, both willingly accept expulsion from home in preference to recanting their convictions. According to Joe Weatherly, Overseas Director for Gospel Films Organization, producers of the film, the purpose of "Something to Die For" is to show the students of Asia and the rest of the world that the Christian faith has vital integrity for times such as this. "We produced the film specifically for Asia," Mr. Weatherly states, but its message is just as vital for North America. We believe the film voices a tangible answer to the threat of atheistic materialism in our world today.

The public is invited. Ideas are funny little things. They won't work unless you do.

If it's a small world, why does it cost so much to run it?

## Ray Rathmann Jr. Weds McHenry Girl

By Del Jahneke

Wearing her mother's ivory satin wedding gown, Miss Barbara Jean Ames was married to Raymond A. Rathmann, Jr., in the Shepherd of the Hills Lutheran Church of McHenry, on June 29th. She was given in marriage by her grandfather, Mr. Otto E. Biring of McHenry. The Rev. D. D. Johnson officiated at the ceremony.

The bride is the daughter of Mrs. Virginia Ames, McHenry, and the groom's parents are Mr. and Mrs. Ray Rathmann, Sr., Antioch.

The bride's gown had a fitted lace bodice, with wrist length lace sleeves, lace inserts in the full ivory satin skirt, fashioned with a slight train. Her floor length illusion veil was held in place with a tiara crown of rhinestones and seeded pearls. She carried a beautiful bouquet of white carnations and daisies, with a detachable orchid corsage in the center.

The maid of honor, Miss Karen Smedberg, wore a dotted swiss yellow empire style gown with a floral circlet on her head, and carried a basket bouquet of tinted carnations and daisies. The bridesmaids were attired in similar dresses of aqua, pink, blue, and mint green, and carried matching basket bouquets.

Miss Donna Rupert, Miss Nancy Biring, cousin of the bride, and

Mrs. Thomas Nilsen, cousin of the groom, were bridesmaids. Susan Rathmann, sister of the groom, was a junior bridesmaid. The flower girl and ring bearer, Julie and Jeff Ryan, are cousins of the bride.

Ronald Jascinski, cousin of the groom, was best man. The groom's other attendants were Daniel Jascinski and Thomas Nilsen, cousins of the groom; Larry Rathmann, brother of the groom, and Ernest Lense, junior groomsmen.

The two soloists were Mr. Lawrence Herbert, Lake Villa, and Miss Mary Jean Hodges, McHenry, accompanied by Mrs. D. Johnson, organist.

The mother of the bride, Mrs. Ames, wore a light blue dress, with white hat and white accessories.

Mrs. Rathmann, Sr., the groom's mother, was in a pink ensemble and a matching hat, with white accessories.

The wedding reception was held in the Johnsburg Community Hall for nearly 225 guests. Rev. Harold Nelson of St. Mark's Lutheran Church of Lindenhurst, the Rathmanns' pastor, gave the prayer before the company dined. Mrs. Clyde Bassner, McHenry, cousin of the bride, acted as the reception hostess.

After a week's honeymoon in northern Wisconsin, Mr. and Mrs. Ray Rathmann, Jr., will be at home in McHenry.

## Lindenhurst News

By Mrs. Bernice Bernau Elliot 6-5649

### TEXAS VACATION

The Rieck family, Craig, Pat Candy and Chris, flew to Dallas, Texas July 2 for a week's vacation in that area. They visited Eisenhower's birthplace, Denison, Texas. From there they drove to Sherman, Texas to see some old friends, and on to Abilene. They also visited the Carlsbad Caverns in New Mexico.

### ARIZONA VACATION

Steve and Evelyn Krakowski flew to Scottsdale, Ariz., June 29 to visit their daughter, Mrs. Fred (Beverly) Reibert and her two children, Jimmy 4, and Mark, 7 months old. They spent a day with Henry and Martha Maxwell at their home in Tempe. They formerly lived in Lindenhurst, and sent their best regards to all their friends back here. Their son, Chuck Maxwell of Grayslake and his wife and baby, moved to Tempe, Arizona, last Wednesday. They were out there last winter and liked it so well they decided to move there.

### PUPPET SHOW

Vicky Manuel and Kay Dunn had a puppet show in the manual garage last Thursday afternoon. The children put on the play "Wizard of Oz," with top hand puppets. They had a stage and all the decorations along the theme. Twenty-four neighborhood children came to see the performance. The girls also sold popcorn, Kool-ade and cupcakes baked by Mrs. Edie Dunn. Vicky's grandmother, Mrs. Jane Witbold, great-grandmother Edna, and great-aunt Ethel, all of Des Plaines, came to see the show.

### WESTERN VACATION

Edwin and Laurette Abrahamson, 231 E. Deerpath Rd., returned home a week ago Monday after spending a glorious four week vacation in the west. Accompanying them were Mrs. Abrahamson's parents, Mr. and Mrs. Norman Eberle, of Venetian Village. They visited Mrs. Abrahamson's grandmother and aunt and uncle at La Puente, Calif., and visited a 20-year-old cousin in a hospital. He was seriously wounded in Vietnam. When they returned home, they found that someone had tried to break into their house. Fortunately they didn't succeed or they were frightened away.

### WOMEN'S CLUB

The Lindenhurst Women's Club held their shortest meeting on record, ten minutes, last Thursday evening. No new business was discussed and several of the chairmen were absent so no reports could be given.

Mary Garcia reported that several women have been playing baseball in the yard next door to her home on Fairfield every Monday evening at 7 p.m. Between 15 and 20 ladies make up the two teams. Any lady who would like to play ball with them, is invited to go over and join them.

The annual Mother-Daughter night will be held Thursday, July 25 at 7 p.m. A clown will enter with balloons and root beer floats will be served. Circle that date.

New members are Shirley

Coles, Ruby Nelson, Shirley Larsen and Marlene Rose.

Guests were June Scheuer, Joy Christie, Arlene Grisham, and Ruby Teton.

Refreshments were served by hostesses Pat Penny, Marlene Rose, Mickey Spahn, Mary Floyd and Pat Parpan.

### SEVENTH CHILD

Congratulations to Dudley and Shirley Mertes, 2007 E. Old Elm Rd., on the birth of their fifth son and seventh child. Craig Alan tipped the scales to 8 lbs. 15 ozs. when he was born at Victory Memorial hospital on July 5 at 11:08 a.m. Welcoming their new little brother are Kathy, Debbie, Tim, Terry, Jeff and Chris. The proud grandparents are Mrs. Lillian Mertes and Mr. and Mrs. Fred Zabel, all of Chicago.

### JR. BIBLE CAMP

Students entering seventh, eighth and ninth grade are invited to register for Junior Bible Camp at Lutherdale next Sunday at 4 p.m. Camp closes right after lunch on Friday.

### LUTHER LEAGUE

The Luther League of St. Mark Lutheran Church will attend a Summer Convention and picnic at Lutherdale Bible Camp Saturday, July 20, from 12 noon until 7:30 p.m. Those planning to attend should sign up on the bulletin board for a ride to camp. Drivers are needed. Everyone is asked to bring their own sack lunch and \$1.00 for the evening meal.

### GUEST PASTOR

The Rev. John Nelson, a member on the staff on "Pastoral Care" at Lutheran General Hospital, Park Ridge, was the guest speaker at St. Mark's in the absence of Pastor Harold Nelson, who was enjoying a three day trip to South Dakota for a family reunion. Mrs. Nelson and Sonya accompanied him.

### BIRTHDAYS

A very happy birthday is wished to John and Lori Fuka, Bill and Ted Brendel; Ray Perssons, Ronald Neumann, Milton Lazansky, Gary Wayne Brassfield, twins Rhonda Lee and Rose Anne Lynne Rozhon, Annette Rae Baker, Patti Scharitz, Steven Hartokolis, Judy Bateman and Michael Wismer.

### ANNIVERSARIES

B. W. Patricia Bonfoey celebrated their 10th wedding anniversary on July 12. Paul and Betty Ireland their 18th anniversary on July 15, and Janice and Richard Byrd, their first anniversary on July 8.

### VISIT GREAT LAKES HOSPITAL

Barbara Hendrickson, Carol Sweeney, Jennie Volpentesta, Luanne Cassidy and Mickey Spahn represented the Lindenhurst Women's Club when they visited the wounded service men at Great Lakes Naval Hospital on June 21. They played games with the vets and served coffee and doughnuts. John Slove, owner of Slove's Country Charm Bakery, donated fifty doughnuts, which the fellows enjoyed.

The Woman's Club met last Thursday evening. Mrs. Luanne Cassidy is president.

Mother and Daughter night will be held Thursday, July 25 at 7 p.m. An entertaining program is planned. Plan to attend with your daughter. This is for members and prospective members, only.

## Glen Morgan Is Featured In Tent Play

Glen Morgan, 17, a senior at Antioch High School, will play the lead in Mr. L's Carousel Theatre production of "How to Succeed in Business Without Really Trying." The show opens July 18 at Mr. L's tent theatre in Wadsworth.

Morgan plays J. Pierrepont Finch, the young man who climbs from window washer to chairman of the board of World Wide Wickets, not by hard work, thrift or initiative, but by following the simple rules set out in the manual entitled "How to Succeed in Business Without Really Trying." The musical written by Frank Loesser and Abe Burroughs, is a satire on the methods and mores of Big Business.

The show won seven Tony Awards, the Drama Critics Circle Award and the Pulitzer Prize, when it opened on Broadway in 1961.

Morgan, of RR 1, Box 152, Antioch, is in his second season at Mr. L's. Last summer he appeared as Nola Claypole in "Olivier," and he choreographed the theatre's production of "Winnie the Pooh." This year he appeared at Antioch High as the Lion in "Androcles and the Lion" and as the lead in "Bell, Book and Candle." He has worked as a choreographer both for the Gavin Players and the Waukegan Community Players, and as an actor for Hull House where he took the lead in that theatre's 1968 production of "The Boyfriend."

Morgan is also co-director for Mr. L's Children's Theatre, whose entertainment is by and for children. Morgan will direct "Sleeping Beauty or the Rose Tattoo" and "My Emperor's New Clothes." Performances of "Sleeping Beauty" are July 20, 24, 27 and 31. "Emperor" will be performed in August. All Children's Theatre productions are at 2 p.m.

Performances for "How to Succeed" are July 18-31 and 25-28 with all shows beginning at 8:30 p.m. Mr. L's Carousel Theatre is located on the grounds of Midland Farm Country Club, about three miles north of Waukegan at the intersection of Town Line and Delaney rds. in Wadsworth.

### Grandparents

Mr. and Mrs. Carl (Evelyn) Andersen, 614 Villa Court, Lake Villa, became grandparents for the third time when their daughter, Mrs. Rene (Donna) Clark, 613 Buckingham, Libertyville, gave birth to a little girl on July 1. Nancy Lynn weighed 6 lbs. 12 ounces when she was born at Lake Forest Hospital. She is the Clarks' first child.

### Christened

Christopher Ala Fuka, son of Mr. and Mrs. John M. (Lori) Fuka, Jr., was christened at Prince of Peace Church in Lake Villa, Sunday, June 30. His godparents were his uncle John Herdzina of Cicero and Mrs. Frances Nutley of Elmhurst.

Little Chris was born April 30. He has a sister Judith, who will be three years old Dec. 7.

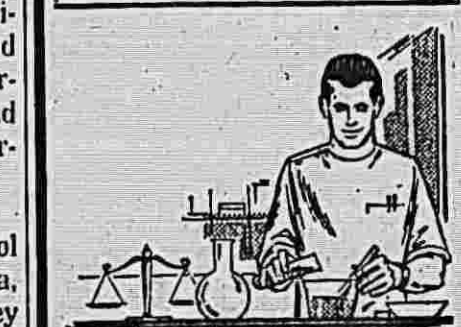

### Salad Bar Luncheon

The annual Salad Bar Luncheon and card party sponsored by the Altar and Rosary Society of Prince of Peace was held July at noon, in the church hall.

Call 395-4111 to place an ad, Society or News Item.

## O.E.S. Has Advance Officer's Night

Advance Officers Night was observed by Antioch Chapter, Order of the Eastern Star, last Saturday evening at the Masonic Temple. On this evening each of the line officers of the chapter advanced one station to fill that office.

Officers of the evening were Marilyn Lorentz, worthy matron; Lawrence Gilo, worthy patron; Susan Rayman, associate matron; Herbert Paul, associate patron; and Elizabeth Storch, conductress. Escort to the conductress was Emil Kirschbaum, past patron.

The remaining officers were all associate matrons and associate patrons of Lake County chapters, except Adah. They were John Anderson of Libertyville chapter, secretary; Barbara Lehman of Lake Zurich chapter, treasurer; Dora Phelps of Waukegan, associate conductress; Frederick Wahler of Easter chapter, chaplain; Kathleen Duca of Campbell chapter, marshal; Elwing Carlsen of Sorosis chapter, organist.

Marie Furman, Adah; Lynn Gallo of Mayflower chapter; Ruth; Ruth Carlsen of Sorosis chapter; Esther; Melva Wahler of Easter chapter; Martha; Exzilda Henderson of Lake Forest chapter; Electa; Richard Duca of Campbell chapter, warder; Charles Gallo of Mayflower chapter, sentinel; and Roy Hill of Lake Forest chapter, color bearer.

Music was provided by Harriet Davis, a past matron of Antioch chapter, organist, and Dorothy Drinkwater, a grand lecturer and member of Wheeling chapter, soloist.

Making the evening a little more special, two of the grand officers were present. Adele M. Maynard, associate grand matron of Illinois, was the guest of honor for the evening; Arthur

F. Peterson, associate grand patron of Illinois was a guest in the East.

Henrietta Gilo, a member of Ben Hur and a grand lecturer, was a surprise guest in the East. She was presented with an honorary membership in Antioch Chapter.

Refreshments were served in the dining room following the meeting. Carrie Paul was chairman of the committee.

### CHRISTIAN SCIENCE CHURCH

The subject of the Lesson-Sermon in Christian Science churches this week is "Life."

A verse from Revelation serves as the Golden Text: "I am Alpha and Omega," the beginning and the end. I will give unto him that athirst of the new fountain of the water of life freely."

The Lesson-Sermon also includes references from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy. One quotation is the following: "Time-tables of birth and death are so many conspiracies against mankind and woman."

hood. Except for the error of measuring and limiting all that is good and beautiful, man would enjoy more than threescore years and ten and still maintain his vigor, freshness, and promise.

Services at First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harder, Antioch, begin at 11 a.m. All are welcome.

the Bible speaks to you

## Grass Lake Cub Scouts Cook Out, Meet Out & Sleep Out

Grass Lake Cub Scouts Pack 80 held a "campfire pack meeting" Saturday evening, July 13. A cook-out supper, for the scouts and their families preceded the meeting.

The opening ceremony was conducted by the Webelos Den. Two year service pins were awarded to Randy Vaughn, Mike Vaughn, Jack Wojnowiak and Jim Okrze-sik.

Silver arrows were presented to Mike Vaughn and Eddie Okrze-sik. Two Silver arrows were awarded to Jack Wojnowiak and John Lass. Wolf badge gold arrows were awarded to John Lass and Eddie Okrze-sik.

Boys advancing to the Webelos Den are: Jack Wojnowiak and Mike Vaughn. Each received a neckerchief and a Webelos badge.

Mrs. Elaine Wojnowiak re-

ceived a Den Mothers Coach leader's award and Mrs. Gwen Morrison and Mrs. Helen Okrze-sik received assistant den mother's badges.

Jack Wojnowiak treated to birthday cake, and the scouts sang a rousing Happy Birthday to him.

Guests at the meeting were Boy Scout Troop Leader Leylon Ipsen and his assistant, Earl Beese and their Grass Lake Boy Scout Troop.

A father and son overnight camp-out, followed the meeting on the Grass Lake School ground and a hearty breakfast was enjoyed by all the dads and scouts, on Sunday morning.

On Sunday, Aug. 18, the Cub Scouts will have a picnic at Chain O' Lakes State Park at 12:30 pm.

## Drom Family Has Reunion

The Jacob Drom family with other relatives held a reunion at Trevor Hall Sunday, June 30.

Those attending were Mr. and Mrs. Gus Drom, Manitowoc, Wis.; Nelson Drom and his daughter, Mrs. James Horton and two children; Mrs. Helen Prohl, Milwaukee, Wis., and her family; Mr. and Mrs. Arnold Holtz, Nancy, Sandy and Carl, Oak Creek, Wis.; Mr. and Mrs. John Ekes, Jay Robert, Bonnie and Bette, Fox Lake, Ill.; Mr. and Mrs. Joe Sponder and Jeff, Milwaukee; Mr. and Mrs. William Prohl, Peggy and Paula, Hales Corners, Wis.; Miss Edna Drom, Antioch; Mr. and Mrs. Clarence Larson, Neil and Dawn; Zella, Mary and Darrell Butler, Donald, and Bethel, all of Antioch; Mr. and Mrs. Gilbert Haisma, Jane, Margaret, Donna and Laura, Salem, Wis.; Mrs. Robert Ellis, Dawn, Robin, Julie, Larry and Amy Jo, Antioch; Mr. and Mrs. Floyd Horton, Antioch; Mr. and Mrs. Edwin Drom and their family, Robert and three children, Shirley, her husband and two sons, and Sue; Glen Ellyn, Ill.; Mr. and Mrs. Al Yanny of Hales Corners; Miss Ellen Giovanetti, Lake Villa; Mr. John Appel, Ingleside, and Mr. George Olson, Round Lake.

## Garden Club Symposium July 24-25-26

The Garden Club of Illinois, Inc., will present its Fifth Annual Symposium at the Concord Motor Inn on No. Mannheim Rd., on July 24, 25 and 26.

Mrs. William Barton of National Council will conduct a school on Judging procedures. Mrs. Barton as National Chairman of Symposia and First Vice President of National Council will conduct classes on Judging Procedures.

Mr. Frank Curto, an accredited instructor of Horticulture for the Department of Parks in the City of Pittsburgh will explain point scoring on gladioli, culture and exhibiting as well as judging.

Mr. Harry Bouras, art critic and a native of Rochester, New York, whose work has been shown in museums throughout the United States will lecture on Sculpture.

Mrs. John Henry Mailey's subject will be "New Concept of Design, Neolithic Age, Middle Age, Twentieth Century". Mrs. Mailey is an exciting arranger, lecturer and master judge, and is now co-editor of a book on design.

## Ill. Garden Club Offers 3 Summer Programs At Niles

The Garden Club of Illinois Information Center at Sears, 400 Golf Mill, Niles, has extended invitations for three summer programs instead of the usual one. July 26, 1968 at 1:30 p.m. Table Setting by Mrs. John Partridge. August 23, at 1:30 p.m. Materials for Drying and the Drying Process by Mrs. Kersche and Mrs. Fick. September 27, at 1:30 p.m. Flower Arrangements by Mrs. H. R. Noreen.

These are all well known ladies in the fields of gardening and the use of garden materials. Those who have seen these programs say that they are excellent and beautiful. It took a lot to bring these three guests to do programs which last one hour.

## Garden Club Card Party And Lunch Monday

The next few days will be busy ones for Antioch Garden Club members as they make final preparations for their annual Salad Bar luncheon and card party to be held Monday, July 22 at 12:30 p.m. at the Antioch Savings & Loan Building.

The popularity of this annual affair has grown consistently and it is a summer "must" on the social calendars of many Antioch ladies.

Tickets are still available and reservations can be made by calling either Mrs. Fred Oschman, 395-1410, who is luncheon chairman, or to Mrs. Clarence Spiering, 395-0587, the Club President.

## College News

William L. Jarvis of 84 Grand Avenue, Lake Villa, has been named to the Dean's List at Northern Illinois University at DeKalb.

Qualifications for the Dean's List require that a student be enrolled in 12 or more semester hours and achieve a 3.5 or above grade point average.

## OUT WITH LUMPS!

The best way to avoid lumps in gravy is to mix flour and water in a jar or covered cup by shaking before adding to pan drippings. Stir the gravy constantly while adding flour-water mixture.

Do let the gravy cook for a few minutes after all ingredients are mixed to avoid a "raw" taste which results from improper blending and cooking.

## Donna Ross Engaged

Mr. and Mrs. Robert Ross, formerly of Antioch, now living in Chicago, announce the engagement of their daughter, Donna Lee to Gerald M. Kubicki of Antioch.

Kubicki is the son of Mr. and Mrs. Henry Kubicki of Channel Lake, Antioch.

No date has been set for the wedding.

# Only Three Floors For Courts Building

Three floors is IT for the time being for the Lake County Courts building under construction on Courthouse Square in downtown Waukegan.

The Lake County Public Building Commission made a unanimous decision recently to eliminate the fourth floor as it probably would not be needed for five or ten years.

This will mean a saving of at least \$275,000.

The commissioners decided informally to turn down the request for private judicial chambers at the extreme northwest of the proposed fourth floor. This would have cost an estimated \$75,000.

The shell for a fourth floor will be constructed for the courts building. Completion is scheduled for late spring or early summer.

The request for special private chambers on the proposed fourth floor came from Illinois Appellate Court Justice Thomas J. Moran and Acting Justice Glenn K. Seidenfeld, former Chief Circuit court judge, assigned permanently to the Appellate court by the Illinois Supreme Court.

It was understood that the two high state court jurists can probably move into the 10-story Lake County Administration Building.

The three-floor court building will provide 12 courtrooms—seven for jury cases, five for non-jury cases.

Commission Chairman Taisto A. Aho said that he had met with Justice Seidenfeld, Chief Circuit Judge LaVerne A. Dixon, and State's Atty. Bruno W. Stanczak and they said a fourth floor was not needed at the present time.

The commission adopted a budget of \$823,500 for the year ending Oct. 31, 1969. It includes

\$545,000 in bond and interest costs, \$230,500 in operation and maintenance, \$10,000 for equipment and \$38,000 in the contingency reserve fund.

Sources of funds include \$303,500 from the surplus revenue account; \$470,000 in rent from Lake County; and \$45,000 from janitorial services in magistrate court and the Circuit Court Clerk's office, operation and maintenance of the new county jail and 24 hour daily security watch in the administration building.

Last year's budget of \$764,000 included \$340,000 in bond and interest costs, \$174,501 in operation and maintenance costs, and \$49,499 in the contingency reserve account.

Commission attorney Andrew A. Semmelman told the commission that their court suit against the deposed general contractor was scheduled for hearing July 19 in Lake County Circuit Court.

The commission turned down a request by Corbetta Construction Co., the general contractor, for a nine-day extension for loss of working time due to adverse weather.

They approved the use of Carl E. Mellen & Co., Waukegan insurance agents, which has the general insurance on the administration building to have the same insurance on the jail building. Estimated premium cost for the next 2½ years is from \$1,049 to \$1,349.

It was agreed that the next meeting be held on July 24 at 10 a.m. instead of on July 17—when bids will be opened on furniture for the sheriff's office. Reports will also be heard at this meeting on better sound-proofing for the administration building and on air conditioning the data processing room.

## Ticks And Fleas Summer Problem

Tick and flea problems will soon begin on the family pets, especially dogs and cats. If left uncontrolled, they may become a serious problem in a home or home yard by late summer.

Adult fleas are dark brown to nearly black insects that move swiftly among the hairs of animals. Fleas attack a wide variety of warm-blooded animals, including man, dogs, cats, chickens, swine, rabbits, squirrels, rats, mice and other animals. Usually they make several punctures in the skin when feeding. These bites may not bother most persons, but may cause irritation and swelling in others.

Fleas lay eggs wherever the female happens to be at the time. The eggs are laid among the hairs on the animal but soon fall to the ground. The flea larvae are scavengers, feeding on dirt, excrement and debris of many kinds. These larvae pupate and soon after become adults. The life cycle may be completed in as little as two to three weeks, depending on temperature.

In the house, flea larvae infest rugs, upholstered furniture, and pet baskets; outside, they congregate in sandy areas beneath shrubs, flowers, and places where pets like to rest.

Flea infestations in homes usually become more evident after animals are removed. Adult fleas continue to develop from the worm population that is already present. The hungry adults soon overrun the premises attacking any warm-blooded animal that comes along, including people. When people leave home on a vacation, taking their pets with them, they often return home to be greeted by a household of hungry fleas.

DAMAGE: Fleas are annoying and their bites cause intense itching, resulting in secondary infections. Fleas are also the intermediate hosts for certain round and flatworms of man and animals. It would be necessary, however, to swallow an infected flea to become infected.

Brown dog ticks are domestic ticks found in houses where dogs are kept. Engorged females drop off the dogs and deposit 1000-3000 eggs in cracks and crevices. These eggs hatch in 3-8 weeks. This tick does not bite humans, however, their presence in great numbers makes them a nuisance. The American dog tick does feed on humans. This tick is often referred to as a wood tick and can be picked up in underbrush or tall grass while on a picnic.

CONTROL: (1) diazinon (spec-tricide)—Use 8 ounces to 10,000 square feet of lawn. Apply with a hose-end sprayer. (2) diazinon or chlordane—spray baseboards in the house—only the baseboards. (3) sevin (carbaryl or N. Methyl-carbamate)—found in the commercial flea and tick powders. Treat your pet thoroughly and also the area where the pet rests at least once a month during the warm weather (June-October). In severe cases, use the powder liberally over the floor including the rug, being sure to cover all cracks and crevices. Leave this on the floor for at least 24 hours. Then vacuum this powder up.

## Summer Heart Care Tips

During the summer thousands of people will head for the hills and lakes for action-packed days of water-skiing, swimming and mountain climbing in the hot sun. The Chicago Heart Association warns that although you may be on vacation, your heart never gets a chance to rest.

That splendid muscle was designed to work without a layoff. However, the vacationer has the temptation to make abnormal demands on his heart at just the time it must work harder to keep the body cool in heat and high humidity.

Your heart will sustain you in the heightened summer activity only if you gradually have trained it to do so. If you are near middle aged and have led a sedentary fireside existence, do not let a sudden spurge of summer energy fool you into returning to your athletic high school days.

Sedentary individuals, especially cigarette smokers, are especially prone to lethal heart attacks, Chicago Heart Association notes.

You may be eager to squeeze the maximum out of your free time and money, but don't plunge into too much running and swimming on your first trip to the beach this summer. The water may be cold even on a hot day, and sudden, extreme changes of temperature can trigger a heart attack in susceptible individuals.

Moderation is the key to a rewarding vacation and long life. The Heart Association advises not overeating and following a nutritious diet. Pass up gravy-soaked fatty meats and rich pastries and ice cream for fish, chicken, lean meats, fresh summer vegetables and fruits, skimmed milk products, margarine and polyunsaturated shortenings. These foods are light, digestible and the basis for a low cholesterol, low fat diet which promotes better health year round.

Do not let hot, humid weather get the better of your temper.

the Heart Association adds. Avoid stress and strain that can become magnified because of the heat.

If driving cross country for your vacation, take frequent rest stops and do not get overtired. Wear loose-fitting clothes; light colors allow heat rays to bounce off. If you perspire easily, avoid passing too quickly from the hot sun to a cold, air conditioned car or building.

Drink plenty of liquids, but go easy on the ice. Cold drinks often make a person feel hotter. If you become involved with home repair projects or gardening stretch out your tasks.

Of course, if you are a heart patient, you should seek your doctor's advice before planning a vacation.

## Assembly Draws 25,040 Delegates

"The accurate history of man records that he has been here now close to 6,000 years. During almost all of that time he has been subject to man's rule in varieties, from cruel despotism to modern so-called 'people's democracies.' When man's rule gives way to God's rule the political-religious rule of Christendom and pagandom must also give way and disappear to mankind's eternal relief." So stated George M. Couch, Director of the Watchtower Bible and Tract Society of New York, Inc., to 25,040 delegates to the "Good News for All Nations" District Assembly of Jehovah's Witnesses which closed Sunday at County Stadium in Milwaukee.

"From sheer necessity of man's present extremity, the time has come when God simply has to take over the rule of this earth for the saving of the human race. . . . God's rule will triumph and prevail on earth forevermore," Couch concluded.

Meetings at the local Kingdom Hall resumed the normal schedule last week, it is announced.

# Harris Wins 2nd Feature At Wilmot

Saturday, June 22, Wilmot, Wis. Three time modified driver champion, Whitey Harris of Lake Villa, became the first IRA modified driver to double in feature race wins at the Kenosha County Speedway in the four races held there this year. His first win came on the opening night of racing.

He took the lead on the 16th lap Saturday night and then stretched out a big lead to the end. Behind him, the running was very close and many cars changed positions before the checkered flag was waved by Frank Painter.

Ray Dobbs held the lead for two laps from his pole starting spot. Then Claude Potter, who started third took over and held it until

Roger Otto took over on the 15th lap. Otto and Harris started side by side in the fourth row and for several laps followed Potter, Loomis and Jr. Dodd. Then Otto went to the outside and moved into second. Harris, seeing the advantage found by Otto on the outside, followed in that groove and when Otto took the lead, Harris was right behind him and one lap later went into the lead.

Bill Bohn moved into second spot ahead of Otto on the 25th lap and when the race ended, Bohn, Loomis and Bill Strom, who had been fifth throughout, were all within a three car distance.

Jim Sullivan looked like a real threat in the feature but spun out,

recovered and then finished tenth. Only one of the 18 cars in the feature was out at the end of the 30 lap distance.

Heats were won by Dick Bentley of Twin Lakes, Jim Olette, Ray Dobbs and Roger Otto. Bentley was driving a new car and it was his first race in nearly three years. He finished second in the semi-feature race to Joel Reimer.

In the second heat three cars collided on the fourth corner of the second lap bringing out the red. Bill Kline, Darv Nissen and Bernie Billeit had to have the wrecker out to free them. On the restart, Roger Iles spun his car in nearly the same place and was facing the traffic but instead of

stopping he let his car roll backwards and with the traffic thereby avoiding what would have been more bent iron and another red flag.

The street stock cars were on hand in record numbers as 33 of them raced in five different events with Arnie Haussman getting his second feature race win in a row. Other winners were Jerry Schwenm and Tim Seyl.

Thirty-five modifieds were on hand for a new high in that group. Bill Strom, Joel Reimer, Dick Bentley, Dee Peal, and Harold Wade were among the first time entries.

Attendance set a new high for the season at 3217 fans and the purse paid was \$2500.00.

# Peterson Wins Sat. Feature

Waukegan, June 22—Jerry Peterson came over a hundred miles to compete at the Waukegan Speedway Saturday night and he was well rewarded when he won the 30 lap late model feature by a close margin over Jack Ester of Antioch.

Then in the 8th lap the unexpected again struck a Waukegan feature as five cars tangled in the fourth turn with the leaders sweeping down on them. Gutche tagged one of the cars and Burgan piled into Gutche. In all five cars were sidelined: Gutche, Burgan, Jim Holm, Ralph Simmen and Al Hagerty.

On the final lap the cars kissed bumpers in the second turn, but Peterson raced on to the win. Ester finished second and Mike Wolf, the evening's fastest qualifier, garnered third money. Ray Bush had the best evening of his career winning his heat in front of Ester and Jim Cossman and then beating Harold Gutche to the finish line for fourth position.

Tom Reuss scored his first hobby feature win after switching with Skip Don for the lead for most of the race. Jim Couch took third and also won a heat race in a photo finish earlier in the program.

The Mississippi Mud race was a smashing success as the near capacity crowd witnessed a gigantic pile-up right in front of the grandstand when the cars were given the signal to start backing up. Bob Klemm slid home the winner. A demolition derby is slated for next Saturday night.

THE ANTIOCH NEWS 7

# Antioch Merchants Win Tournament Trophy

Sixteen Antioch business men are sponsoring a soft-ball team in the St. Bede's Knights of Columbus No. 3788 Soft-Ball League. Regular league games are played at the Knights of Columbus Ballpark at Wilson Rd. and the Milwaukee Railroad tracks.

The eight teams in the league are: Club Alibi, Homan's Sporting, Antioch Merchants, Knight of Columbus, Tom's Laundromat, Mer's Hotel, Kennedy's and Mouldy's.

Currently the Merchants are tied for first place with four other teams with a record of 4 wins and 2 losses.

The Antioch Merchants topped Waukegan's highly rated soft-ball teams to win the 1st Annual Dan Geske Memorial Tournament recently. Don Pyles, Dick Wolf and Lon Christiansen led the way in Game One over Silver Dollar of Highway, 11-8. In game 2, Mike Clik came through with two timely hits in the trimming of the Church All-Stars 8-2.

Don Pyles and Chuck Schuth hit back to back home runs in Saturday night's contest when the surging Merchants bombed Puzzle's Tap, 17-7.

Rookie John Hedberg miffing 4.4 and player manager Wally Ring slapping three hits in the championship game Sunday evening, sparked the Merchants team play over their old enemy, Homan's of Fox Lake.

Chuck Schuth and Chuck Larson were voted "Most valuable play-

ers" and were the defensive heroes as Frank Heiselmann pitched his fourth straight victory to clinch the tourney. The first place trophy is now on display in the Lake Area Barber Shop at the Antioch Savings & Loan Plaza.

The Merchants will play the Knights of Columbus at Ingleside on Friday evening at 7:30 p.m. On Monday, July 1st, they will take on Mers Hotel of Wauconda at Ingleside at 7:30 p.m.

The team will play in a 12" tournament this weekend at Golfview Park on Rt. 83 north of Antioch. The Merchants will play one of the top teams from Southern Wisconsin at 5 p.m. If the Merchants win, more games will follow on Sunday.

Players on the Antioch Merchants team are: Wallace Ring, player manager; Chuck Schuth, Tom Poulos, Don Pyles, Bob Martin, Dick Wolf, Frank Heiselmann, Wayne Swanson, Charlie Larson, Lon Christiansen, Mike Sterbenz, Mike Clik, Terry Schneider, John Hedberg and Jim Scully.

Merchants sponsoring the team are: Payless Foods, Barnstable's Dept. Store, Klass Men's Wear, Gibbs & Jensen Sporting Goods, Antioch News, Tiffany Real Estate, Gaa Oil Co., Lake Area Barber Shop.

Orchard Plaza Texaco, Ace Hardware, State Bank of Antioch, First National Bank of Antioch,

# Antioch Is Third In Water Fights

Firemen's Water Fight team traveled to Countryside Fire Station near Mundelein Sunday, June 23, where sixteen water fight teams participated.

Finals: Wauconda 1st, Round Lake 2nd, Antioch 3rd, Fox Lake 4th.

Trophies were awarded to first, second and third place.

Next water fight will be Sunday, June 30, at 1 p.m.

The water fighting events are always open to the public and are free of charge.

The women have also been participating in water fighting. They will be at Round Lake Saturday, June 29 at 6 p.m.

# Germak First In Thurs. Night Golf

Silver Lake Hotel and Camp Lake TV moved up into second and third places in the Thursday Night Two-Light Golf League with wins over Ray's Shell Service and Maggie's & Bob's. Tems Luggage beat Kenosha Savings & Loan with 4 points to 2 points to tie Camp Lake TV for third place.

Antioch State Bank clipped Cermak Realty's wings with a 3 1/2 point win over Cermak's 2 1/2. Cermak is still in first place with 23 1/2 points.

The welcome mat was out for a couple of the Tuesday Night Business Men's Golfers. They filled in nicely for two vacationers (handicaps and all).

Standings as of June 20th are:

1. Cermak's Realty 23 1/2
2. Silver Lake Hotel 20 1/2
3. Camp Lake TV 19 1/2
4. Tem's Luggage 19 1/2
5. Kenosha Sav. & Loan 17 1/2
6. Antioch Lumber 15
7. Antioch State Bank 11 1/2
8. Ray's Shell Service 8 1/2
9. American Legion Bar 7 1/2
10. Maggie & Bob's Tavern 7

# Club Sets Rummage Sale Sunday

The Northern Illinois Conservation Club will hold a Koffee-Klatch and Rummage Sale Sunday, June 30th at the club house of Rte. 173, three miles west of Antioch, starting at 9 a.m.

Numerous interesting articles are included in the sale, many, quite valuable.

The trap and archery ranges will be open, and devotees of these sports will be able to get in some shooting fun, while at one and the same time, latch on to a red-hot bargain.

A knot is 1 nautical mile per hour. A nautical mile is 6076.1033 feet, somewhat longer than the 5280 feet for land measurement.

# Anderson Wins Sun. Waukegan Feature

Waukegan, June 23—Young Tom Anderson of Antioch looked like the most experienced veteran as he bested a stellar field of modified stock cars at the Waukegan Speedway Sunday night under threatening skies and between showers. Roger Von Otto was a very close second in the 30 lap feature.

Jim Oullette drove a consistent race for third money with Bill Bohn, Whitey Harris and John Reimer in a very exciting duel for fourth.

Several accidents spiced the races. John Jagodzinski finished his time trial and promptly flipped directly in front of the main grandstand. He was unhurt. Reimer paced the timers with a :16.59 clocking.

Jim Sullivan came from the back of 17 cars to win the semi-feature that was both delayed by rain and stopped for a nine car smashup in front of the north bleachers. A six car accident right at the green flag in the first heat also highlighted the high-speed activities.

# Antioch A. L. Team Loses 1, Wins 1

Antioch lost their game to Lake Zurich in the sixth inning Wednesday, June 19 in the American Legion Baseball League with the final score giving Lake Zurich 10 runs to Antioch's 7.

Lake Zurich scored 3 runs in the first inning, 1 run in the second, third and fifth innings and 4 runs in the sixth inning.

Antioch scored 5 runs in the second

inning and two in the fourth. Antioch's losing pitcher was Cliff Wallwin and the winning pitcher was Stevens.

ANTIOCH 5, GRAYSLAKE 0

	R	H	E
Antioch	5	11	1
Grayslake	0	1	1

Rich Stroner pitched a beautiful shut-out Friday, June 21, that came close to being a perfect game. The first man at bat in the first inning got the one and only hit. Stroner retired 20 men in a row after that and the only other man to get on base got on due to an error.

Antioch scored 2 runs in the second inning, and 3 runs in the third. All of Antioch's starting players got one hit and Comstock and Stroner got two hits. The Antioch team was rained out Monday in their game with Lake Villa. They are now tied for second place with Lake Villa, with Wauconda in first place.

# Male Drownings Top Those Of Females

According to the drowning statistics for the Chicago metropolitan areas for the summers of 1966 and 1967, more men and boys drowned than women and girls. A total of 180 men and boys lost their lives for the two year period (from Apr. 1 to Sept. 5) while only 33 women and girls drowned.

The 16-20 year age bracket for men had the highest rate of drownings with a total of 38 for the two year period. Boys 11-15 were next with a total of 32 drownings and the 21-25 year group had a 22 while the 6-10 had 20 deaths.

The 16-20 year group for women had the highest number of drownings for the two year period—they only numbered 7.

Robert Pohl, water safety chairman for Mid-America Chapter of the Red Cross, has this advice for boaters:

"Be sure to have a U. S. Coast Guard-approved lifevest (not a cushion) on hand for every passenger, and make the non-swimmers wear them. At least a dozen persons drowned last summer following slips or falls from boats or from craft capsizing. In practically all cases deaths could have been prevented if the occupants had been wearing lifevests," the safety chairman said.

"The worst mistake you can make is to overload a boat. Small family boats just aren't designed to carry more than four persons safely."

If someone should fall overboard, here's how to get him safely to shore or back into the boat.

Draw the boat close and toss the person a buoy, cushion or life preserver. Or extend a rope or an oar. Draw the person into the boat, keeping him safely away from the propeller. If he can't be pulled aboard safely, tow him to safety or get help from another craft.

Don't jump into the water to rescue him unless you're trained in Red Cross lifesaving. The victim can become panic stricken and take the would-be rescuer to the bottom, too.

Children should be discouraged

from playing a dangerous game called "Holding Your Breath" while swimming or playing in the water. Holding the breath, by taking in deep gulps of air lowers the amount of carbon dioxide in the swimmer's body, and after a period under water, the swimmer may black out. The same thing applies to swimming long distances under water. Don't take in several gulps of air, it could end your life.

**Doc's "Apple A Day" Wows 'em at DeKalb.**

Dr. James W. Kopriva of Antioch, Barbara Siebman and Anders Nordling of Lake Villa were three of nineteen Lake County Artists who earned blue ribbons on their entries in the Regional Town and Country Art Show at Northern Illinois University, DeKalb.

Dr. Kopriva's entry was "An Apple a Day"; Anders Nordling's entry was "Summer in Sweden" and Barbara Siebman's entry was "Dejected".

The show will continue through Sunday, June 30 in the art gallery in the Student Center of the University and will conclude with a program starting at 2:30 p.m. The public is invited.

Each of the winners is eligible to make entry in the Illinois State Town and Country Art Show to be held at the University of Illinois, Urbana, in October. The show is part of the Cooperative Extension program of the University of Illinois and Illinois counties.

## Food Stamp Program Starts Here July 15

The Food Stamp Program for public aid recipients and other low income individuals and families will begin in Lake County on July 15, according to Mrs. Elizabeth S. Hewitt, Superintendent of the Lake County Department of Public Aid.

Lake County is one of the 35 northern Illinois counties which will introduce the Food Stamp Program during June and July. Seventeen of the 33 counties started the program on June 1 and the remaining 18 on July 1. In the process, the 25 counties which distribute federal commodities, will terminate distribution at the end of the month immediately preceding the starting date of the Food Stamp Program.

The Food Stamp Program is sponsored jointly by the Illinois Department of Public Aid and the U. S. Department of Agriculture to increase the food purchasing power of eligible needy persons. Food stamps are sold by county departments of public aid in downstate counties and by currency exchanges in Cook County. When a participant buys stamps, he receives additional free stamps which increase his total food budget over 20 per cent on the average.

Mrs. Hewitt said that in Lake County, stamps will be sold by the Lake County Department of Public Aid at 215 West Water Street in Waukegan. Food stamps may be spent like cash at participating markets to buy food for human consumption. Stamps cannot be used to buy pet foods, liquor, tobacco, household supplies, or imported foods except coffee, tea, cocoa, and bananas.

As an example, Mrs. Hewitt cited how stamps would benefit an Aid to Dependent Children family composed of a mother and three children ages 4, 7, and 13. The family's food budget of about \$84 would increase to about \$108 through the bonus stamp feature. The mother would buy \$66 worth of stamps and receive an additional \$24 worth of stamps, free, making a total of \$90. Adding the \$18 left over in cash, her new food purchasing power from stamps and cash totals about \$108.

The superintendent also pointed out that in the first month, a participant pays only one-half of the specified payment for stamps but receives the full complement of stamps. This one-time reduced cost feature helps a participant start the program and begin budgeting for the regular payment required in the second month.

**ELIGIBILITY**  
Persons receiving Old Age Assistance, or Disability Assistance, Aid to Dependent Children or General Assistance are eligible to participate except those who live in institutions, nursing homes, or sheltered care arrangements, or who eat in restaurants because they are unable to prepare their own meals. Also eligible are persons not receiving public assistance and persons receiving Medical Assistance only if their income and assets are low by Department of Public Aid standards.

The income eligibility scale for non-assistance and Medical Assistance only households ranges from a maximum net income of \$139 per month for one person to a maximum of \$490 per month for a family of 10. Intermediate net income standards are: \$182 for two persons; 212 for three; 259 for four; \$299 for five; \$337 for six; \$375 for seven; \$414 for eight; and \$451 for nine persons. Net income is defined as income after standard withholdings such as income tax, Social Security, and the like. Liquid assets such as cash, savings, or negotiable stocks cannot exceed \$400 for an individual or \$600 for a family group.

Here's how the program works. The Springfield Office of the Illinois Department of Public Aid mails explanatory materials to all public aid recipients announcing the start of the Food Stamp Program and, if appropriate the date of discontinuance of food commodities distribution. The same materials are supplied by county departments of public aid to township supervisors for the benefit of recipients of General Assistance.

The county department of public aid certifies the applications of recipients of Assistance to the Aged, Blind, or Disabled, Aid to Dependent Children, Medical Assistance only, and low income

non-assistance households. The General Assistance office certifies General Assistance recipients who apply. All certifications are subject to periodic redeterminations of eligibility. Persons who do not buy stamps regularly are dropped from the program.

Each month a certified household receives two cards by mail—a green Identification card and a yellow Authorization card. The head of the household signs the Identification card immediately. The Authorization card is to be signed later in the presence of a staff member of the County Department of Public Aid when buying food stamps. Both cards have expiration dates. Food stamps must be purchased before the expiration date and in the exact amount specified on the Authorization card. When buying food the purchaser must show the Identification card.

**METHODS OF PURCHASE**  
The certified head of the household may buy stamps in person, by mail, or by proxy if unable to go to the sales center. Payment may be made by cash, official General Assistance Stamp check, postal money order, bank draft, cashier's check, or similar negotiable draft. A General Assistance Stamp check must be made payable jointly to the Illinois Department of Public Aid and the authorized purchaser and in the exact amount of allowable purchase. Personal checks, state or business checks, and payroll warrants cannot be accepted.

When ordering by mail, the purchaser sends in his unexpired, signed Authorization card to the County Department of Public Aid which certifies him. He encloses payment as already indicated but preferably not in cash.

The head of a household may designate another person other than a grocer as his proxy to purchase food stamps and/or groceries. Provision is made on the Authorization card to designate a proxy to buy stamps and on the Identification card for a proxy to buy groceries.

Food stamps are issued in books valued at \$20, \$10, \$5, and \$2. The stamps come in two colors—orange each worth 50c and blue worth \$2. Stamp books are signed at the time of purchase... unless the purchase was by proxy.

The grocer cannot give change in cash but he can issue a due bill or token for the odd cents, or the purchaser may pay the odd cents in cash.

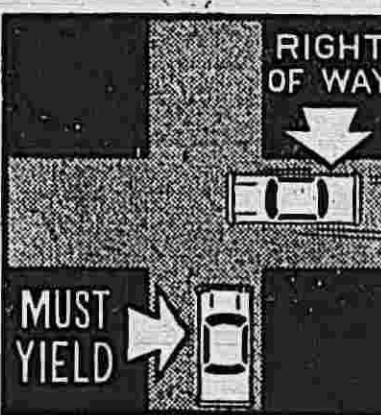

Provision has been made for the multiple purchase of stamps. Only one purchase authorization is allowed a public assistance family not containing a member on Gen-

## DRIVING FOR TRAFFIC SAFETY

by Paul Powell  
Secretary of State

Are you completely aware of your obligations when it comes to yielding the right-of-way? Do you know what constitutes the right-of-way when two vehicles are involved?

Perhaps the best illustration is when two vehicles approaching on different streets reach an intersection at the same time. Neither street is posted with a stop sign or light. When this situation arises, the car on the LEFT must yield the right-of-way to the auto on the right.

When a car is moving on a highway or street of major importance, it has the right-of-way over any car crossing or entering from a minor road or private driveway. The major thoroughfare is usually posted with signs or lights.

The right-of-way must be yielded by a car approaching an intersection which has already been entered by another vehicle from a cross street.

Also, the right-of-way must be yielded by a vehicle to pedestrians crossing a street or highway in compliance with the law at a crosswalk or an intersection—whether marked or unmarked.

For a copy of the new Rules of the Road booklet, write to Paul Powell, Secretary of State, Springfield, Illinois 62706.

### BIBLICAL MEASURES

A cubit equals 1.8 feet; a parasang, 4 miles, 158 paces and 3 ft.; a day's journey 33 miles, 172 paces, and 4 feet; a talent of silver \$1,505.63—of gold \$24,300.00.

eral Assistance and/or Aid to Dependent Children. If the public assistance household contains a General Assistance and/or Aid to Dependent Children recipient and the food budget is over \$60, its purchase may be either monthly or semi-monthly. A non-assistance household may purchase either on a monthly, semi-monthly, or weekly basis. If purchase is monthly, one authorization card is mailed to the purchaser, if semi-monthly two are sent, and four if by weekly purchase. Cards must be used in the numerical order of issue.

## Motor Trip Can Be Fun --Even With The Kids

"A motoring vacation, more than anything else, gives parents and children a chance to play together, share new experiences and weld themselves into a closer family unit," says the Chicago Motor Club.

The following formula is offered for a successful motoring vacation:

First, make up your mind it is going to be fun.

Older children will enjoy helping plan the trip. Browsing through brochures and maps will heighten their interest and develop incentive toward broadening their education through travel. Children also should be told how many days they will be on the road and what they will see each day. This helps avert the popular question that pops up 15 times on the first leg of a 1,000-mile trip: "Are we almost there, Daddy?"

Packing is part of planning. Children will feel more important and more comfortable if they may pack a small suitcase of their own. It gives them a place for their things and an opportunity to take along favorite items.

Today's wrinkle-resistant and wash-and-wear fabrics are a must for mother's nerves. Kids will get dirty, but laundry is much simplified by the miracle fabrics. A damp cloth and soap stored in a plastic bag or foil will take care of messy fingers and faces.

Babies normally are happy traveling in a basket or infant seat. Disposable diapers reduce the

laundry needs. Formula bottles will have to be sterilized enroute. While many restaurants will aid mothers in warming baby foods, it is advisable to take along a special supply of "home water" since a change in locality often brings a change in water and an unhealthy change in baby. It's possible the entire family would benefit from a supply of water from home.

Some safety-first rules should be outlined for all youngsters in the car: no rough-housing, no hanging out of the windows, no fiddling with door knobs or car controls, no tossing papers out of the window and no playing with large or sharp objects in the car.

Children can be coaxed to lead pretty much of an adult life on a trip, but when it comes to eating, it's best for parents to follow the lead of their children. Normal meal times should be observed and there should be definite periods for active play and quiet rest. Light meals and picnicking are enjoyable both for parents and children while on the road. Too much candy should be outlawed, but fresh fruit should be encouraged.

One fact remains to be faced. Children cannot sit still for long periods, it is also true that children not allowed to become bored seldom are mischievous or irritable. Travel games in addition to spelling bees, coloring books, cow-horse-pig counting, and people watching may be borrowed from

## Cool Tips For Summer Days

If you live in the northern half of the United States, it may not be necessary to spend a lot of money to keep your home comfortable, even in the hottest weather. If the advice of the Chicago Better Heating-Cooling Council is followed.

In many areas of the country, says the Council, there may be fewer than ten days when the weather becomes so hot that homes are uncomfortable. It may not be practical to spend a lot of money for an air-conditioning system which may be seldom used.

Instead, the Council, which is the area's information center of the hydronic (hot-water) heating industry, is offering these tips to provide relief:

To prevent heat from building up within the attic, roofs should be covered with white or light colored shingles. Since light colors reflect heat, the intense heat of the sun will be reflected away from the roof. This principle is

television's daytime brain-leasers. Reading should be discouraged while the car is moving.

Remember, should your children be susceptible to car sickness, your physician can prescribe medicine to overcome the discomfort.

### OUR 10%

Ten percent of our population produces, processes and distributes the food for the 200,000,000 people in the United States.

easily demonstrated by touching two differently colored cars. The lighter one will feel cooler than the darker one.

It is also important to have enough insulation in the summer and retain it in the winter, thereby

reducing fuel bills. Tall shade trees also help keep homes cool. If these are not available, the Council advises adding awnings to windows exposed to the sun and installing an attic fan to keep the air moving and cool.
